

UCD top scorer Ciaran Kilduff has been ruled out of tomorrow's Airtricity League game with bottom of the table Bray Wanderers. 'It's just a precautionary measure,' explains UCD manager Martin Russell. 'Killer got a slight concussion in the win over Pats and the medics think it best if he sits this one out. That's no problem, I have plenty of alternatives from whom to select a replacement, all of them just waiting for the opportunity. Until the last game Kilduff and Greg Bolger were the only names on the UCD scoring charts but David McMillan's wonderful winner against Pat will surely encourage others to add their names.
