

UCD AFC OPEN DAYS

Under 15 Open Day

UCD have a great tradition of bringing through some of the SSE Airtricity League's best players and we are delighted to announce the new date of our Information Open Day for our new under 15 side ahead of the forthcoming 2017 season. All interested players are requested to meet at the UCD Bowl at 10.30am on Friday April 14th.

Similar to our under 19 and under 17 sides, our under 15 side will compete at the highest level in the country at their respective age group, in the brand new SSE Airtricity under 15 league.

We have a strong history of developing some of the finest players in the country, with recent Ireland debutant Andy Boyle beginning his League of Ireland career with us and helping us to claim the First Division title back in 2009, and we hope that the new under 15 division will extend this pathway and help to lead the next generation of talent to similar success.

As well as being able to offer players the opportunity to play for one of the country's top clubs with access to top quality facilities and coaches, UCD also offer a potential pathway for players through our Scholarship scheme which allows players to combine their football with studying for a degree at one of Ireland's premier Universities.

Our open day will allow potential players the opportunity to come see the club for themselves

U15 Information Open Day!

Tuesday, 04 April 2017 21:34

and to learn more about the opportunities before them.

In advance of the open day we would request that all players attending the day please complete the following [application form](#) and send a completed copy to Albert Sugg, our Head of Youth Development, by email to alsugg@eircom.net
