

Chelsea under the control of Brian Leveau beat off all comers to win the cash prize in UCD AFC's FIFA 11 Playstation Tournament.

Real Madrid, Barcelona and Chelsea were just three of the big names that came down from on high to compete in UCD AFC's FIFA 11 Playstation tournament in the UCD Student Bar on Monday night.

The early rounds saw some very competitive games and some not so competitive as the open draw threw up some interesting match ups. The home side, UCD, sent down 6-0 against a well organised Barcelona outfit. Some questionable refereeing combined with the sprint button going into hiding meant the Students' day in the sun did not last long.

The final was a hotly contested affair with Chelsea coming out on top against Aston Villa. Brendan Lacey controlled Aston Villa and was looking to put memories of his last FIFA finals loss behind him but it wasn't to be as an extremely clinical Brian Leveau took no prisoners to claim his top prize.
