

UCD AFC were all over campus on Thursday 24th March with the Irish Cancer Society.

UCD AFC were out in force on Thursday 24th of March to help raise funds for the Irish Cancer Society's Daffodil Day. Members of UCD AFC's Superleague, Leinster Senior League and Airtricity League teams became ordinary heroes against Cancer.

Collee the College mascot was up at the crack of dawn to welcome students to campus at the bus stops and to encourage them to help such a worthwhile cause. The sun shone and as the students took a break from their studies to relax on the grass Collee proved he had many talents, not least behind a drum kit.

The day was a massive success and all of us in UCD would like to thank the players for giving up their time to ensure they did everything to ease the suffering caused by cancer.

[See Collee enjoying his first day out on campus!](#)
