

UCD AFC Mount Merrion Academy Launched.

This season's introduction of the new SSE Airtricity Under 15 League has seen the strengthening of our partnership with Mount Merrion, which will hopefully see a number of their current and future underage players following the pathway through their ranks before joining our elite pathway in the National League set up at under 15s before progressing through our under 17s, under 19s and the ultimate goal of our first team in the SSE Airtricity League as well as our College's and Universities sides.

With the under 13 national league set to be introduced from 2019, this will further extend our Elite player pathway and our association with Mount Merrion through our new academy.
