

With our Leinster Senior League sides returning to training next week, the divisions they will play in have now been confirmed.

After a thrilling end to the season which saw us retain our LSL Senior Sunday status as well as our Saturday side clinching promotion to the LSL Saturday Major division, following Wednesday nights formation meeting it has also been confirmed that our third Leinster Senior League side have also been promoted to the Saturday Major 1A division.

This is a brilliant achievement for the club as it means our two Saturday teams will now compete within the top three divisions in the Saturday league and has also seen our freshers teams clinch their third promotion in a row. This will provide a brilliant platform for our freshers team's development as they look to rise through the UCD ranks and claim places in our top Saturday and Sunday sides, as well as pushing on towards the First team in the League of Ireland.

Trials for our freshers team will take place early in September when the new term starts. Exact dates and times will be announced in due course.
