

STATEMENT: Collie O'Neill departs

Monday, 19 August 2019 20:22

UCD AFC can tonight confirm that we have parted company with our First Team manager Collie O'Neill with immediate effect.

We would like to thank Collie for his hard work and contribution to the club since joining the club as first team coach in 2011 before taking over as our first team manager ahead of the 2015 season, with the highlights being our 2015 Europa League campaign, and of course last season's First Division title winning campaign.

We would like to wish Collie the best of luck and success in the future.

The club will be making no further comment at this stage and is currently reviewing its managerial options.
